## Employee Spotlight

### GARRY WARFORD

#### Director of Franchise Operations

**Garry Warford celebrates 10 years with Jones Petroleum!** Garry has been in the food service business for over 50 years. He has worked with many brands including Burger King, Dunkin, Popeye's, Hardee's, Panera Bread and Starbucks. Garry's enthusiasm and expertise have skyrocketed our restaurant growth at JP. Thank you for being a committed team player!

**How did you get into food service?** I drove by a Burger King located near a McDonald's and was intrigued by the difference in customer counts. The next thing I knew, I was offered an Assistant Manager job with Burger King at the age of 22!

**What drew you to Jones Petroleum?** I saw the potential for growth.

**What do you enjoy most about your job?** Meeting new people, helping others grow and be successful.

**What have you learned over the past ten years?** Coming from corporate America, it has been eye opening to see how Bill Jones has built the company from the ground up and continues to move forward. I'm very thankful to be a part of JP's generous 401k program- it says a lot about the company.

**What are you excited about in the coming year?** The Lagrange Travel Center opening and seeing the Willie B's food brand grow.

**Do you have a favorite motto that you live by?** "Keep the doors open!" and "Everything communicates- stop, check, adjust!"

**Name 3 items on your bucket list.** 1. More trips to Maine 2. See my youngest son get married. 3. Chill time
