“Working for JP has been rewarding because it is a family owned company that continues to grow. I have enjoyed growing both personally and professionally alongside the business.”

What do you enjoy most about your job?

I love working with people – our team members and customers!

How do you keep your team motivated?

With encouragement and praise, always stating the positive before the negative.

What advice would you give someone just starting out in this field?

Focus on what you can control.

If you were stranded on a deserted island, name 3 items you would need with you.

Toilet paper, a knife, and water!

What are you most passionate about outside of work?

Spending time with my granddaughter.

A fun fact most people wouldn't know?

I enjoy making jewelry and once ran 2 bead stores!

Three items on your bucket list?

Take lapidary classes for ring making, go on a trip outside of the US, and learn about home remodeling.
