**What made you choose Jones Petroleum as your place to work?** Christy Stephens, CFO at the main office, contacted me to see if I was interested in working at the Travel Center. She once babysat my children! It is the perfect job for me because it is close to my home and I love retail and customer service.

**What does a typical day look like for you?** At 6am, I start restocking the gift shop. Throughout the day, I am assisting customers. I also work on organizing the stock room and anything else I'm asked to do.

**Which 3 words would you want your coworkers to use to describe you?** Fun, fair and hardworking.

**Who had the greatest influence on your life growing up?** My mother taught me to work hard with integrity and honesty. My grandmother taught me to have faith.

**What is your favorite convenience store snack?** Potato chips until recently, now I will choose fruit.

**Name 3 items on your bucket list.** More traveling throughout the United States, visiting Israel and Scotland.

**How do you handle work related stress?** I usually take a moment to process, reflect and pray.
